

**PRAISE FOR JEAN-PAUL JAUD'S *FOOD BEWARE: THE FRENCH ORGANIC REVOLUTION***

“A pragmatic, health-based approach... a refreshing change from the moral and high-cultural preening that sometimes enter this debate.” - Mike Hale, *The New York Times*

“Lays out its pro-organic arguments forcefully...yet the tone is gentle, the music French, and the food shot so delectably that you can all but smell the freshly baked bread.”-Bob Mondello, *NPR*

“A crucially important document in the fight for healthy food and shows how one community is able to do it; providing a blueprint for the rest of the world.” –*This Week in New York*

“Informative and entertaining!... a blueprint that others might follow to bring organic, healthy and socially responsible food production and preparation to their communities.”  
–Jennifer Merin, *About.com*

“A refreshing perspective, a viable solution ... Will have everyone craving a salt-of-the-earth dinner and a trip to Provence.” -Yana Litovsky, *Film Forward*

“Interesting and productive ... a must-see for environmentalists, educators, politicians and the public interested in preserving what's left of our environment and health.”  
–James Van Maanen, *TrustMovies*

“Compelling...a call to arms.” –Gabriella Gershenson, *Time Out New York*

“Affecting, effective revealing ...the ideas that fuel this film are valuable.”  
–Kimber Myers, *All Movie Guide*

“Powerful, thought provoking.” –*Hollywood Go*

“Eye-opening.” –Paulina Kajankova, *Organic Spa Magazine*

“A crucially important document in the fight for healthy food and shows how one community is able to do it, providing a blueprint for the rest of the world.”  
–*This Week in New York*

"If there is a film to see this year about the environment and our health, it is 'Food Beware'."  
– *Le Monde*

“More concerned with focusing on solutions than in simply sounding the alarm.”  
–Andrew Schenker, *Slant Magazine*

“A Must-See!” –*Viva Magazine (France)*

“Make(s) case that the cancer epidemic of our epoch is directly related to chemical-laden agriculture ... it does not preach to the audience and even sustains a meditative and lyrical quality throughout.” –Louis Proyect, *The Unrepentant Marxist*

“A Powerful, Important Film! An Inspiring and Educational Tale.”  
–*La Vie Verte (A Guide to What's Green In France)*

“What we found remarkable about this movie is that not only is it a warning cry but also indeed mostly it is a celebration of life and hope offering very simple solutions.”  
–*World Wildlife Fund (France)*
