**“A universal movie about making peace with the past to understand the present...with a delicate romanticism that often accompanies childhood introspection.”** -RogerEbert.com

**“Best Romanian movie of the year! A delight to watch! It encourages calm, meditation, seeing the glass half-full, and the joy of small things... the moments when you smiled and the moments when you felt there is purpose in this world.”**  
-Raftulcufilme.ro

**“OCTAV warms your heart. A soulful movie, which takes you in a light and sweet manner to the universe of basic human value. A wonderful breath of fresh air!”** -EVZ.ro

## STARRING MARCEL IUREȘ

*(Pirates of the Caribbean: At World's End, Hart's War, Mission: Impossible, Interview with the Vampire)*

When a man returns to his childhood villa, following decades of absence, a familiar-looking little girl takes him on a wondrous journey back to the innocence of his early years in pre-war Romania. *Octav* is a life-affirming story that celebrates the purity of childhood, friendship, love and the bitter-sweetness of nostalgia.
