2010 THEATRICAL RELEASE!

America's 50-million strong Evangelical community is convinced that the world's future is foretold in Biblical prophecy, from the Rapture to the Battle of Armageddon. WAITING FOR ARMAGEDDON explores this apocalyptic worldview, from the homefront in America to the future battlefield of Israel. By weaving Christian, Zionist, and Jewish perspectives along with telling archival materials, this eye-opening film also probes the potentially explosive alliance between Evangelical Christians and Israel...an alliance that may set the stage for what one Evangelical leader calls "World War III."
