## DEAR UNCLE ADOLF

More than any other documents, it is the personal private letters written by the German people to Adolf Hitler that provide the most intimate details of the Third Reich. A treasure of more than 100,000 such letters was recently found, hidden in a secret Russian archive. The uncensored letters, which include declarations of loyalty, love letters and the occasional words of protest, reveal the true feelings of the German people – their hopes, longings and fears.

**"Shocking. Documents the incredible charisma of Adolf Hitler."** *-Die Welt*

## HITLER: A CAREER

How did a rabble-rouser from Austria rise to become Germany's messianic Führer? Why did Germans from all walks of life embrace the Nazi philosophy and willingly follow Hitler into a titanic conflict and utter destruction? This stunning film dissects the Third Reich with a keen analytical blade, charting Hitler's improbable rise, his mastery of imagery and crowd psychology, and his consummate skill in exploiting the weaknesses in others.

**"This re-examination of the Nazi past is a revelation...never fails to stun audiences."**

*-TIME Magazine*

## THE TOP SECRET TRIAL OF THE THIRD REICH

Through authentic footage of the 1944 trial of the men who conspired to assassinate the Führer in the Valkyrie Conspiracy, this astonishing film details the various attempts to assassinate Hitler and sheds light on the anti-Nazi resistance – from the bomb in Munich's Bürgerbräukeller to Claus von Stauffenberg's explosive attack on the Wolfsschanze.

**"An extremely worthy contribution to the history of the German opposition during the Third Reich; even more, a document of the conscience of the 'Other Germany'."**
