**THE NUDE SET (1961)**

When sex takes a holiday, it goes to Paris! French sex kitten Agnes Laurent plays a spoiled young provincial girl who coerces her wealthy parents into sending her to Paris. Once in Paris, Agnes discovers the bohemian nightclubs where strip-tease has become so popular – and in no time the timid country girl goes from spectator to performer!

**THE TWILIGHT GIRLS (1961)**

Escaping a family scandal, a young woman enters an exclusive boarding school for girls and falls in with a clique of attractive young vixens. When one of the girls develops a crush on her, she must choose between that forbidden love and the charms of a handsome young suitor. Banned in New York, it stars Agnes Laurent and Catherine Deneuve (in her first film role).

**SWEET ECSTASY (1962)**

Swedish sex bomb Elke Sommer stars in this steamy beach romance filmed on the exotic French Riviera. A young man falls in with a group of wealthy and attractive bon vivants who live a pleasure-filled existence. Soon he must choose between two women – wild Elke and a shy actress. Featuring a scintillating score by Charles Aznavour and songs by music idol Johnny Halliday.

**DANIELLA BY NIGHT (1962)**

Elke Sommer, in her last French film before beginning her American career, plays a French model who travels to Rome after being hired by its leading fashion house. In no time she meets the finest of Roman society...and becomes embroiled in a dangerous spy plot. Notable for its famous nude scene of Elke and a climax atop the Musee d’Orsay, it also features music by jazz great Charles Aznavour.
