The anger and outrage captured by graphic artists and printmakers have defined revolutions through the centuries, depicting the human condition in all its glories and struggles so powerfully that perceptions, attitudes and politics have been dramatically influenced.

In ART IS...THE PERMANENT REVOLUTION three contemporary artists and a master printer explore how social reality and protest are conveyed in art. While the stirring works of the masters sweep by—among them graphics by Rembrandt, Goya, Daumier, Kollwitz, Dix, Grosz and Picasso—the making of an etching, a woodcut and a lithograph unfolds before our eyes as the contemporary artists join their illustrious predecessors in creating art of social engagement.

Featuring Sigmund Abeles, etcher; Ann Chernow, lithographer; Paul Marcus, woodcutter; and James Reed, master printer.
