Ten years ago, The Screech was the hottest lesbian band around. But the mighty musicians have fallen into obscurity and unanticipated turmoil. Iris dreams of a comeback and drinks too much. MJ is her ex, but neither of them can quite let go. Former bandmate Lily, and her partner Carol, aren't getting along - so, naturally, they're trying to have a child together.

When a pool party goes horribly wrong, a shocking event knocks these longtime friends and lovers even further out of orbit. Generations collide with dangerous results for these Older, Wiser Lesbians or "OWLS."

Using a unique blend of narrative and documentary, the group behind the production may be just as revolutionary as the format: a collective banded together to explore a dynamic filmmaking process by creating a landmark lesbian film in just three weeks. (from Frameline/SFILGBTFF)
